## Software Expertise

"Together We Transform  
Challenges Into Triumphs"

## Saurabh Tomer

### Founder

I was just another student in Brisbane, navigating my way through Queensland University of Technology and soaking in the Australian way of life.

*"Studying in Australia wasn't just about earning a degree; it was about uncovering opportunities and immersing myself in a culture I had never imagined,"* I often share with others.

After graduating, I worked with several incredible firms across Australia. Those experiences gave me more than just technical skills—they showed me how businesses operate at their core. And that's when it hit me: *"If I can help these companies grow, why not build something of my own?"*

That's how New Era was born. Starting from scratch, I focused on what I knew best.
